

# CINERGY T USB XE

The compact TV USB Stick!

- USB DVB-T receiver
- USB 1.1. and USB 2.0 compatible
- Power supply via USB
- Including DVB-T antenna

#### Incl. TerraTec Home Cinema software:

TerraTec Home Cinema turns television on the computer into an experience. Whether internal or external TV card, whether digital (DVB-T, DVB-S, DVB-C) or analogue (antenna, cable) – the possibilities of turning your computer into a television are endless. Use a PCI card and a USB box, for example, to record a program and simultaneously view another one or record several broadcasts. All TerraTec TV cards can be freely combined for this purpose.

In addition to the usual functions, such as time-shifted television, electronic program guide (EPG) and digital video recorder, the TerraTec Home Cinema offers a few innovations: With remote programming via the Internet, the current television program can be conveniently searched and a recording can be programmed with a click of the mouse. For this purpose, TerraTec Home Cinema accesses the established service of tvtv.de – a trial subscription is included (download: 60-day version). The computer wakes up at home from standby or the idle state on time and the desired broadcast automatically lands on the hard disk.

Even easier are recordings using the electronic program guide during the broadcast – simply press the corresponding button on the keyboard. No matter how you plan your recordings: They can already be viewed while the recording is still running!

More new functions of the TerraTec Home Cinemas include: Automatic optimization of the aspect ratio, recording of Dolby Digital (AC3), video text and subtitles, support of DVB radio and customizable lists of favorites (genre, location), multi-tuner support and constantly available help functions as well as the advertising editor Cut! which allows for easily cutting advertising blocks – easier than ever before.

# CINERGY T USB XE

## Technical Details

### Features

- Digital TV for notebooks and PCs
- Digital video recorder with full MPEG2 support
- Scheduled recordings and time shifting
- EPG support
- Teletext
- Compatible to USB 1.1 and 2.0
- Power supply via USB

### System requirements

- Intel Pentium / AMD / Centrino certified CPU 1,4 GHz or higher
- 512 MB RAM
- 1 available USB interface
- Audio hardware with DirectX support
- CD-R/DVD-R-drive
- Graphics board with DirectDraw drivers and video overlay support
- Terrestrial digital TV reception (DVB-T, Freeview, TNT)
- Microsoft Windows® XP with Service Pack 2 / Vista

### Software

- TerraTec Home Cinema

### Scope of delivery

- TerraTec Cinergy T USB XE
- Portable aerial with magnetic base
- Installation/software CD-ROM
- Quick Setup Guide

Art.No.: 10429  
EAN code: 4017273104294  
Warranty: 24 months
